World Premiere DVD/VHS: *El Chupacabra*
Action/Horror Film Stars
Naughty By Nature Rapper Anthony “Treach” Criss
DVD/VHS Street Date: September 23
DVD/VHS Pre-order Date: August 29
SRP: \$XX.XX

Sherman Oaks, CA – April XX, 2003 – On September 23, York Entertainment will release the world premiere feature DVD/video *El Chupacabra* (pre-order date: August 29). The action/horror film stars Naughty By Nature rapper Anthony “Treach” Criss (*Love and A Bullet, Empire, Book of Love*), as Dr. Goodspeed, an evil scientist who runs a suspicious research facility.

El Chupacabra also stars newcomer Eric Alegria, Elina Madison (*The Hazing, Curse of The Forty-Niner*) and Layton Matthews (*Groom Lake, Liberata Me*). *El Chupacabra* is produced by Tanya York, Scott Pfeiffer and Paul Wynne, and directed by Paul Wynne for Urban Girl Productions, Inc. and York Entertainment.

After his capture in the wilderness, the legendary, bloodthirsty creature Chupacabra escapes into the city creating mayhem and panic. As they pursue the deadly beast, an animal control officer (Eric Alegria) and scientist (Elina Madison) suddenly realize that a vigilante with his own suspicious motive is also tracking the elusive killer – and the hunter may be connected to a mysterious research facility run by diabolical Dr. Goodspeed (Anthony “Treach” Criss).

About York Entertainment

Established in 1990, York Entertainment is a full service independent motion picture studio that finances, produces and distributes feature films. Headquartered in Los Angeles, the company holds three satellite offices around the United States. The 13-year-old mini-major produces and/or distributes more than 50 feature films annually to the U.S. home entertainment marketplace. York Entertainment distributes films through its wholly owned divisions, York International, York Entertainment, York Horror, York Latino, and York Urban. Its Internet sales site is at www.yorkentertainment.com.
